

Ana GilMompel

I've got more than 15 years of experience in management. As co-founder of Grupo Artvisual I've established some of its more innovative tech companies, implementing appropriate measures and processes in management. Nowadays, I'm the head of the Grupo Artvisual business management, which contains the following companies: Zeus, SummonPress, Sesame Time and Tu Tienda Bonita. Being innovative is my main focus.

Birth date: 2-12-1983

Address: Calle Hospital, 1 Valencia

Professional Experience

Grupo Artvisual Co-founder (2005 - Present)

We founded Grupo Artvisual in 2005. At first it was conceived as a web and mobile app design company, it has been growing through the years becoming a group that includes more than four companies. We have offices in Valencia, Madrid, Gran Canaria and Barcelona with more than 100 employees in total. All these years I've been lucky enough to move my career towards financial and human resources management, becoming the Grupo Artvisual Head of these areas. I've helped consolidate the company as a reference in our field.

Managing Director at SummonPress - November 2008 – Present

www.summonpress.com

SummonPress is a Digital Publishing Group with international presence. We are experts in developing digital projects focusing in the user needs and always using the latest innovations. We have more than 150 projects in 24 different languages, 10 million users from 15 different countries and offices in Latin America.

CFO at Sesame Time - April 2015 –

Present www.sesametime.com

Sesame is a Human Resources Software for companies, which facilitates some of the more common tasks, for example, presence control, project management or employee holiday management. Sesame Time is implemented internationally with more than 100 established clients.

CFO at Sportapps Entertainment - June 2014 – September 2018

<http://triviumic.com>

Consulting and digital communications company. 29 million followers, more than 280 media appearances every month, and almost 8 thousand designs made.

CFO at ZEUS April 2016 – Present

www.zeus.vision

*Zeus aims to facilitate companies decision making processes through data analysis solutions. Zeus is a great way to **monitorize the information**, visualize it and make decisions more efficiently. We create motivational dashboards that allow companies improve their data analysis, communicate better with their employees and increase the ability to react to any unforeseen events. In just 2 years we've developed more than 80 projects, we have Ibex-35 companies as clients and headquarters in Madrid, Valencia and Barcelona. We are now focused on our international growth.*
