

Dear President Mary, dear Members of BPW Cyprus,
On behalf of BPW Europe, I would like express my gratitude for your efforts organizing the second BPW Mediterranean Symposium in Cyprus

Our International Federation Business and Professional Women as we know well, advocates since 1930 to achieve equal opportunities and status for women in economic, civil and political life.

With this Symposium, you continue, in excellent way, this path, **explaining** the ABC for successful women in business, **encouraging** them to achieve decision making positions on boards and in leadership, **supporting** our women to overcome obstacles and reach professional advancement ; but also **inspiring** and orientating our young women towards the digital world.

One day full of reflections for the empowerment of women without forgetting to promote your beautiful territory !

I hope to stay with all you and attend this important event; if this will not be possible, because the beautiful reasons that you know, since now, I wish to all of you the success you deserve.

I'm proud of all of you!!

Pinella Bombaci

Regional Coordinator BPW Europe
