

GOAL SETTING 2023

THE THEME OF 2023 FOR BPW EUROPE IS „SHARING BEST PRACTICES“

Dear Presidents and members of BPW Europe,

2023 is going to be another year of change in the world economy and politics. We are living in the remarkable time to which historians some hundred years from now will give the name „Time of change in the world order“. Keeping traditions and having good relations is essential in this changing world.

The theme of 2023 for BPW Europe is „Sharing best practices“. By sharing best practices, we share our best ideas and events, receive good ideas and advise from other Clubs, open up to each other and help our Federations and Clubs to flourish. Having diversity in activities will bring visibility, recognition and rise in membership. Best way to grow membership is through activities shared from one person to the other, from one Club to the other.

The key words for 2023 are:

1. Sharing best practices
2. Twinning
3. Visibility
4. Cooperation
5. Rising membership

The year has started with big preparations for the main event of BPW Europe in 2023 – the Presidents meeting and 10th Young BPW Europe Symposium in Brussels on 28-29 April in Brussels. Please share your Federation or Club best practices and invite members from other countries to participate!
