What is a F2F Presidents Meeting?

The F2F Presidents Meeting is a yearly event where all affiliated country presidents meet. Although, regular presidents meetings are hosted online via Zoom these days, we meet once a year for the General Assembly and to present our reports to all the presidents in person. All working group chairs, representatives and board members will present their yearly reports and projects.

The meeting is hosted by a different country each year. It's a wonderful opportunity to get to know all presidents in person and to get to know about all the impactful projects that BPW Europe is working on!

What is Young BPW and Young Symposium?

All BPW members up to the age of 35 belong automatically to the group “Young BPW” and are represented on Committees/Boards.

Specific programmes are integrated in European and International BPW events. We organise theme-focused workshops and seminars on Negotiation Skills, Personal Empowerment Program, Meetings with Role Models, Leadership Trainings etc.

The upcoming 11th Young Symposium is part of the F2F Presidents Meeting in Rome 23rd March 2024.

Although, integrated into the official programme with a joint Pre-event, Networking Lunch and Dinners at the same venue, the Young Symposium comes with a separate programme catered towards a younger audience.

Attending as non-BPW guest or as non-president BPW the events

I am not a President / not a Young BPW / not a BPW member, can I still attend the events?

All events are open to all BPW members except the closed session in the afternoon on 23rd March 2024.

Yes, you can attend the events even as non-BPW member, if you're a guest of a BPW participant.

If you're a Young BPW, then special rates apply for the full day event on 23rd March. If you're currently below the age of 35, we highly recommend to become a BPW member prior registration. [Click here to see all BPW affiliates worldwide.](#)
